February 1992

---

## Editor's Corner

Absolutely Perfectly Organized (APO), the Spring 1992 EZAA Reunion, will occur on April 3rd, 4th, and 5th. We have an exciting slate of events which you will find worth the trip. On Friday, we have Family Tree Bowling from 7 to 9 PM in the Union (no skill required to bowl). Then we head to the Union Clubhouse (their tavern) until it closes or we get thrown out (probably the latter). The Saturday service project is a Swim-O-Ree at the Robisson Pool from 8:30 am to 1:00 pm. Then there are Pledge, Brother, Alumni sports, most likely to be held in the Armory. A combination banquet and end-of-pledge-week party will be held in the Playhouse from 6 pm to 1 am. The business meeting will be held on Sunday in CII 4050 from 10 am to about noon. This will be followed by brunch at the Latham Diner.

Correspondence can be sent to me at:

William A. Haskins  
5 Brookfield Road  
Milford, MA 01757  
(508)-478-2680

This is a very quick preview of what you can expect to see in this issue of the Glump.

1. Treasurer's Report.
2. News and Notes of EZAA members around the globe.
3. Minutes from the last EZAA Business Meeting.
4. Information about the 45th Anniversary Reunion.
5. A EZAA Alumni Information Form.

Yours Fraternally,

*William A. Haskins*

William A. Haskins (WAH)

**Treasurer's Report**

The following is a summary of receipts and expenditures since the last Glump to now (02/17/92).

Opening Balance as of 08/22/91: \$1427.00

**Money EZAA Received:**

Interest:	\$ 22.17
Dues:	\$ 795.00
Donations:	\$ 325.00
<b>Total:</b>	<b>\$ 1142.17</b>

**Money EZAA Paid Out**

Printing - S91 Glump	\$ 370.21
Postage - S91 Glump	\$ 312.00
Bank Fee	\$ 10.00
National Registration	\$ 15.00
45th Anniversary Mugs	\$ 600.00
45th Anniversary Hall Deposit	\$ 300.00
45th Anniversary Invitations	\$ 325.00
<b>Total:</b>	<b>\$ 1932.21</b>
 Balance as of 02/17/92	 \$ 636.96

As you can see, our balance is much lower than in August or last year (\$1612.86 on 01/04/91). This is largely due to up-front expenditures for the 45th Anniversary (\$1325 as of 02/17/92). We expect that these expenses will be recovered when payments for the 45th Anniversary dinner come in. The expenditures for the 40th Anniversary (as a reference) were about \$6900.00. However, these above figures do not include publishing and sending out the Directory or this Glump. We could use your help. One way you can do this is to come to the 45th Anniversary Reunion and send in your payment when the response form comes in (expect it at the end of March).

I'm pretty happy with the response obtained for dues. I want to strongly encourage people to pay dues without irritating them. If you want to contribute additional money, that is also welcome (as if that isn't obvious). If you can pay dues, please do so. If you've paid dues, I put a purple dot on your address label. I also put a number on your address label. It is a six digit number corresponding to how long your dues are paid to. This number is the month, day, and year. If there's a discrepancy, write to me or call me (I'm in the Directory) and I'll check it out. Also please contact me if you want a more detailed report of the EZAA financial status.

## News and Notes

Leslie Hoffman '48 Keep up the good work with the "Glump". Look forward to each publication. Still working full time at Instrumentation Engineering (Mainly Red). You begin to feel old when your Grandchildren reach college age and IRA withdrawals are mandatory. Regardless - I feel the best days still lie ahead.

Leon Langer '49 Have retired and can devote more time to my 50 years in Scouting. Have been Committee Chairman of Troop 5 in Massapequa for umpty-ump years. Troop 5 is celebrating its 75th birthday this year.

J. Walter Locher '49 I'm sure you are aware that Russ Olsen, Charter President of EZ, died several years ago. I retired five years ago after 37 years at Union Carbide. We really enjoy Charlotte. We just had an organizing meeting of the RAA of the Carolinas, combined with a reception for the local Rensselaer medal winners.

Richard W. Moshier '50 Retired from IBM and enjoying it.

John T. Weigandt (snoop), '61 Quite a bit of travel this year; two weddings in the Midwest (Minneapolis, MN and Windnah, WI); a business trip to Miami, and two weeks training in California were the frequent flyer contributions this year. We have completed the move from Queens to Wappingers Falls (Hudson Valley). Business activities have been consolidated in NJ (covering NYC) and Wappingers (Hudson Valley) with Lynnbrook (LI) and Queens locations closed down. Take care and best wishes to all APO from the man who brought the "Meanest man (prof.) on Campus" contest to RPI in 1958.

John L. Templin, Jr, '62 My son Joey is an RA in the Quad. He is a sophomore majoring in Physics and stayed in the hockey ticket line.

Michael J. Camp '66 Was promoted to Director of State Crime Laboratory in Milwaukee last June.

James A. Ray '67, Deputy Director of Engineering for the U.S. Army Aviation Systems Command, St. Louis, MO, has been awarded the Department of the Army Decoration for Exceptional Civilian Service. This award is the highest honor given to civilians from the Department of the Army. The presentation was made by the Secretary of the Army in a recent ceremony at the Pentagon. Mr. Ray was also recognized for his work this year by the Army Aviation Association of America for his contributions to Army Aviation in Desert Shield/Desert Storm and by the Federal Executive Board of St. Louis as the U.S. Army Aviation Systems Command Manager of the Year. In addition to his work related recognitions, the St. Louis Area Council of the Boy Scouts of

**James Ray** (continued)

America also recognized Mr. Ray this year with their highest award, the Silver Beaver, for his dedication and service to youth over many years.

**Sidney Hollander (SH)**, '70 was promoted to Lieutenant Colonel in the U.S. Air Force Reserve.

**Frederick H. Chau**, '71 I'm doing fine, keep up the good work on the Glump.

**Armen E. Mardiguian**, '71 Mary & I had a great time at my 20th Reunion, catching up on the latest news and reminiscing about old times with five other EZ brothers from '71, plus meeting later vintage brothers.

**Douglas W. Michael**, '75 An all-too-brief highlight of our year occurred earlier this month when, during a weekend family outing to D.C., we shared an evening with old roommate King Gee (KWG '75) and his family. With both wives and seven children present, it was pretty obvious that much had happened and quite a few years had passed since we first met. Did he have to say exactly how many years had passed?! If anyone out there is planning on passing through Western North Carolina, please call and stop by.

**Richard Brodzinsky (sky)**, '77 and Jackie Bazley (JQ), '78 We are now living in Westchester, which is quite a change from the Bay Area. This past summer was rather hot and sticky, and the house has no air conditioning. We're looking forward to returning to California when my assignment at IBM HQ ends next spring (don't know what job I'll be getting, though). This has been the year for travelling. My job took me to Europe for 4 weeks this past spring. Jackie and Cheryl came over to Germany for a week. We went all around Bavaria and the Black Forest, also visited parts of Austria, Switzerland, and even Lichtenstein (took about 30 minutes to do the whole country)! I also spent weekends in Innsbruck and Paris. We've also done 3 trips to California so far this year.

**Steven M. Gallets**, '77 I have been recently named Senior Industrial Engineer for the M&M/MARS Waco Plant.

**Kathy Goff (KOG)**, '78 I quit my job as a Biomedical Engineering Manager March 1991 with a plan to spend about six months working on developing a new career for myself. I wasn't sure what the new career would be but about June I started studying for the Medical College Admission Test. It took me til the end of July to admit out loud that I really wanted to be a doctor. But I dusted 15 years worth of dust off my Mahan Chemistry book and Jim Robertson '80 lent me his Halliday and Resnick (anybody remember these books?) and I studied. I also had to review (relearn is more like it) Biology and Organic Chemistry. Now the MCAT is

**Kathy Goff** (continued)

behind me and I'm frantically trying to get my applications done in four short weeks. Meanwhile, I've gone back to work at my old company four days a week in the Regulatory Affairs department - dealing with FDA approvals for our products. It's amazing what a change in attitude toward your job is brought about by quitting and then returning by choice! I hope to work there until I start medical school in the Fall of 1992. I'd like to hear from; any brothers who have been through or are considering career changes; brothers who have gone back to school full time around age 35; brothers who are doctors with advice about choosing a medical school or surviving medical school.

**Audrey Holm-Hansen**, '78 I returned to IBM after a 6 month leave of absence. I used the time to enlist in Vermont's Air National Guard to become a jet engine mechanic. Basic Training lived up to its reputation! Fortunately, the Tech School and on-the-job training made up for it.

**Tom Saksa**, '78 This year I will be serving as a board member for the Colorado Springs Children's Museum. I am also building a spaceship in the basement. My wife Susan is shaping the future of Colorado Springs as Program Director for Pikes Peak Tomorrow.

**E. Fred Mussler**, '79 and Joanne Biles were married October 19th, 1991 in a quaint old chapel in a state park on the outskirts of Davenport, Iowa. There was a moosehead on the wall of the reception hall (and a buffalo head and a deer head, and ...). Fred will get around to mailing invitations soon. (see picture on Page 14).

**John Shea (JLS)**, '79 I'm longer working for IBM. I got tired of their lies, stallings, and unfulfilled promises. Since leaving, I have written the great American novel and am working on a sequel. Presently looking for an agent or publisher. No family to write about and not likely. Last seen heading toward New Zealand with a frayed Bungee cord.

**Paul Sicard (Sic)**, '79 et al. Sic says "No Dukes"; Real Republicans file tax returns.

**Gary and Susan Singer**, '79, '81 We are looking forward to the birth of our third child in March.

**Ian Freirich**, '80 In June, we moved to Salem, OR because I began work for Kaiser Permanente (the big HMO). So far, it's a pleasant change from my old job in an underfunded county clinic, and we like Salem. Gordon is now 19 months old, very trying, but also very rewarding.

Larry and Holly Mandelkehr (LKM, HSC), '80, '83 We moved to North Carolina (from Tenn) in March. Larry joined MTS as Manager of Sales and Marketing for Liquid Level Products after spending 9.5 years with Texas Instruments (TI sold the division to Siemens one month after we left). Our new home is only 20 minutes from Holly's parents home. Heather, age 2.5, is anxiously awaiting the birth of a new brother or sister in March 1992.

Tom and Yasmine McNellis (TM, YLM), '81, '82 Tom & I have been doing a lot of travelling this year. We went to Puerto Rico to visit my (Yasmine's) relatives for a week and to Vermont and Cape Cod for long weekends. We also went to Munich and Paris in September on a combination business/vacation trip for Tom & a vacation for me. Although the weather was pretty lousy, Munich was quite an experience with Oktoberfest going on (even 70 year old ladies were getting drunk and falling on their faces)! Paris was wonderful. As a matter of fact, Tom has been travelling to Munich quite a bit this year for his job. We've had a great time and hope to settle down a bit for the rest of the year. We are also hoping to sell our townhouse and move into a single family home, so if you know any buyers... This summer we got together with Ken Bienstock '81, Lauren Shoemaker '81, and Steve and Marcia Flood '81 for dinner. We'll see you all at Reunion '92.

Michael A. Murawski (MM ), '81 I've moved 83 miles up the Autobahn to Rhein Main AB, Germany. I'm flying C-130s again, but now I use the same runway as the big jets at Frankfurt Int'l Airport. So if your job takes you through Frankfurt, say hello.

Beth Canuteson Robie (wench), '81 Katy and Jim Robertson '80 are the proud parents of a girl, Kerrie. Steve and I will be headed back to San Jose (we know the way) as of 6/92 (anyone know a good real estate agent)? We plan on skiing our brains out this (our last) winter in Colorado. Anyone planning on heading out this way, give us a call.

Jeff Debarr, '82 Audri and I had an extra holiday this year - the birth of our daughter, Kelly Lynn, on December 28th in a planned home delivery. Kelly weighed a robust 9 lb. 2 oz. and looks like her father. Mother and daughter are both doing fine.

Colleen M. Dargie (CMD), '82 and David B. Roggenkamp (Frog), '85 We both have new jobs; Colleen is now a Senior Staff Anesthesiologist at Henry Ford Hospital in Detroit and David is now working on Future Ranger and Explorer Trucks with Ford Motor Company. We are happily settling into our new home.

Kenneth C. Laprade (KCL), '82 My sister, Beth, got married at the end of October in Ft. Lauderdale. Also, this fall, Maria and I took our first trip to the Keys in eight years of living in Florida. We still work for Harris, and I am still playing rugby.

Richard Towne ( ), '82 I'm got married to Melinda Johnson '91 on October 27th in Boston. After which we headed to Hawaii (thank God for frequent flyer miles). Still travelling a great deal on business. I'm in Technical Service (i.e. B.S.'ing the customers). Finally finished my MBA from RPI in May, sleazing it till the end. Mel and I will both be joining Oqui leagues this fall. Toodles.

Sue Radford (Joe), '83 Kaitland Radford was born last spring. Paul Sicard '79 says she has mommy's nose (see photo page 15). Business is as usual for Sue and Dan. Dan's working hard, Sue's studying hard, and Katie's playing hard.

Mark Warner ( ), '83, '88 Mark is a lead programmer using Clarion Professional Developer. He leads a Recovery, Inc. chapter and walks miles daily. "Try, fail; try, fail; ... try, SUCCEED."

Stephen M. Austin (6E6), '84 Nadine and I went to England and Ireland this past summer for vacation and had a great time. I had a business trip to Taiwan in September, which was quite an interesting experience! I go again in February/March of 1992. We are looking forward to seeing everyone at the 45th in the Fall.

Mark Wrobel (MCW), '85 Shannon turned two on October 11th and awaited a new sibling (which was due mid-October). Besides parenting, and working, we're both trying to appreciate Europe and learn a little more German.

Kathryn Abbott Dyer (KWAK), '86 After six years of renting, Rick & Kathy finally bit the bullet and bought a house. Anyone in the area - please call and stop by!

Matthew Terribile (Matt), '86 I'm still with IBM. The last couple of summers I have spent a week at Baxter State Park in Maine building trails with the Sierra Club. Next year, I'll be leading the trip. I'm also still a Big Brother locally and do work for the Boy Scouts a few weekends per summer.

Hugh Cohen (Hug), '87 Hugh and Nancy Bernstein were married on August 4th. Katie Boucher, Scott Judson '88, Daniel Mashia '87, and Scott Shienbaum '90 were in attendance. After graduating from Cornell, Hugh is an economist for the Federal Reserve Bank of Atlanta, and Nancy is a physical therapist at Kennestone hospital.

Jeffrey King (The), '88 I recently moved to Stamford, CT. My love for visitors has not decreased. Stop by and you might just get a home cooked meal.

**William A. Haskins (WAH), '87** I am engaged to Kathy Beder, a special needs school teacher at a local high school. We are spending every weekend planning the wedding, reception, and creating plans, etc. for our house. I still play hockey twice a week (once at 6 AM Monday morning), and now I am Roundtable Commissioner for Algonquin Council of the Boy Scouts.

**Bryan Lagos (Merlin), '88, '91** I recently graduated from the Tute (again) and I'm currently working for Duracell in Needham, MA. I love it! I'm single, eligible, and have lots of money to spend (a little advertising never hurts). Thank you, APO, for everything - especially the DSK. It was a pleasure serving you.

**Deborah Miller (Debbie), '88** After nearly six months of unemployment, I started working at EDIable in May, 1991. Since October, I am customizing software to enable people to send electronic business documents. I met Stephanie Foster '83 at an RAA summer picnic for new students. It was fun despite the fact that two people went to the hospital due to injuries from the group's first (and probably last) softball game.

**Marty Perreault (cinder), '89, '90** I bought a condo in June and had a big painting party/moving party. Life is fun and there's just too much to do.

**Scott Dwyer (Calvin), '90** I am still employed at IBM in East Fishkill, NY, and living in the beautiful, but expensive, Hudson Valley. My family includes a 1925 Franklin Touring Car and a 1914 Franklin Roadster. The eldest son went to Minnesota last November for reconstructive surgery and is doing fine now.

**Quinten King (IBEZ), '90** Hello, I'm finishing up my MED Deployment with the Navy and looking forward to being back with Lori Brown (LAB), '90 for the holidays. I've been to France, Italy, Monte Carlo, Sicily, Crete, Morocco, and Egypt so far. Turkey, Greece, and Spain still yet to come. Remember, your tax dollars at work on the French Riviera.

**Business Meeting of the EZAA  
26 October 1991**

The Fall Business Meeting of the EZAA was opened by President **Tim Kelliher '85** at 5:55 pm in the Italia Restaurant. The meeting was started this time after a vote by the banquet attendees to hold the meeting at this time (see attached apology). Old Business discussed included the following:

1. **Reunion Planning:** Many alumni mentioned that additional planning needs to be done to make alumni reunions more successful. Suggestions brought forth include the following:
  - a. Information on the location of the banquet and the project needs to be known before the Glump is published. The weekend should not be planned by one person, but divided into two parts: the banquet, and the program (project, etc.).
  - b. We need events which will attract EZ seniors. We need a liason to help attract EZ brothers.
  - c. Joint projects aren't successful because one side usually does not show up.

New Business discussed included the following:

1. **Elections:** EZAA election results:  
 President: Jeff King '88: 11, Bill Haskins '87: 3  
 Vice President: Chris Shramko '89: 14  
 Secretary/Treasurer: Bill Haskins '87: 14  
 Historian: Linda Panson '88: 14  
 Extension Chairman: Ken Bienstock '81: 14
2. **45th Anniversary:** The 45th Anniversary Celebration will occur on Columbus Day Weekend, October 9th, 10th, and 11th, 1992. Put it on your calendar, so you don't miss this great event. Items discussed are as follows: (also see article on Page 10).
  - a. Banquet location: Donovan's in Clifton Park at 7:30 pm.
  - b. Coordinators for events:
 

Registration:	Grace Shuman '84
Friday Alumni Reception:	Gary Ide '86
Saturday Project:	Bob Philhower '86
Banquet:	Matt Terribile '86
DJ for banquet:	Timothy Kelliher '85
Sports:	Bill Haskins '87
Slide show:	Matt Terribile '86, Jim Guilford '90
  - c. Suggested source for DJ is WRPI.
  - d. Need coordinator for Sunday brunch. Candidates include Linda Panson '88 or Sharon Zohar '87.
3. Spring 1992 Reunion Date: April 3rd, 4th, 5th, 1992.
4. The question was raised: should the Business meeting occur after the banquet? The consensus is that is OK if announced prior to the publishing of the Glump.

Meeting Attendees: Matthew Ackerson '90, Steve Austin '84, Nadine Austin, Andy Braverman '87, Doug Gibson '89, William Haskins '87, Gary Ide '86, Margaret Kelliher '85, Timothy Kelliher '85, Jeff King '88, Diane McBride, Debbie Miller '88, Dave Nagy '84, Lisa Nagy, Linda Panson '88, Chris Shramko '89, Grace Shuman '84, Matt Terribile '86.

#### 45th Anniversary, by Steve Austin, '84

The 45th anniversary reunion is quickly sneaking up on us and plans are well underway for a great weekend. Gerry Schroeder, the National President of APO has been invited and he has responded that unless any family matters come up, he is planning to attend (without any speeches!). A tentative schedule and estimated cost have been included here to aid you in planning. Formal invitations will be mailed to you by the end of March and registration materials to follow by the end of May. I hope to see all of you there! Now for all the details available to date.

WHEN: Friday October 9th - Sunday October 11th, 1992.

WHERE: RPI - Troy, NY

WHERE TO STAY -

Several options are available for accomodations. We have set aside rooms at several hotels in the area. You may call and reserve these rooms by telling them you want a room in the block set aside for "Epsilon Zeta Alumni Association". Another option would be to call the chapter to see if anyone has extra floor space. Don't wait too long - remember it will be Fall foliage season and hotels could be scarce closer to that weekend. For those who prefer a hotel -

1. Super 8 Motel, Troy, NY (518) 274-8800.  
Reservations can be made after April 1st. We will try to get several rooms set aside here.
2. Days Inn, Wolf Road (518) 459-3600.  
15 rooms reserved at \$55/single or double. Includes continental breakfast. Must reserve by 9/15.
3. Holiday Inn, Wolf Road (518) 458-7250.  
15 rooms reserved at \$80/single or double. Must reserve by 9/15.
4. Marriott, Wolf Road - Sold out for these dates.
5. Sheraton Airport, Wolf Road (518) 458-1000.  
15 rooms reserved at \$65 - \$75. Must reserve by 9/15.

## WHERE TO STAY: (continued)

6. Desmond Americana, Wolf Road (518) 869-8100.  
10 rooms reserved at \$89/single or double. Must reserve by 9/15.
7. Hampton Inn, Rte. 9 (518) 438-2822.  
\$70 - \$75 per night.
8. Rensselaer Inn, Troy, NY (518) 274-3210.  
This is the old Holiday Inn - reports are that it has not improved under its new name, but the price is \$50 - \$57 per night. Stay at your own risk.

SCHEDULE OF EVENTS - The weekend has been planned so that you may choose events that most interest you and pay for only those events. There will be a general registration fee of \$15 that covers the incidental costs of planning the weekend as well as your souvenir mug (available to the first 200 registrants). Each event will have a separate cost.

Friday 6 pm - 1 am. Reception at Alumni House.  
This will be a chance to get reacquainted with old friends in the beautiful setting of the new Alumni House. Finger foods and a cash bar will be available. The registration table will be open and there will be some historic APO displays as well. Estimated cost per person will be \$10 - \$12.

Saturday 8 am - 10 am. A continental breakfast is planned at the Alumni House prior to the Service Project.

Saturday 10 am - 3 pm. A Service Project is being planned by the Chapter to involve Alumni, their families, and current brothers. Specific details on the project will be available at a later date. Lunch will be provided at the project for a nominal fee. Estimated \$4 - \$6 per person.

Saturday 7 pm - 12 pm. A banquet at Donovan's in Clifton Park followed by a DJ who will provide a variety of music for dancing. Hors d'oeuvres and three choices of entrees should satisfy everyone's taste buds. Estimated cost per person \$25.

Sunday 11 am - noon. The Business Meeting of the Epsilon Zeta Alumni Association will be conducted for the purpose of electing officers and other business.

Sunday 2 pm - 5 pm. For those who can stay, some sports activities will take place, including perhaps softball, soccer, and volleyball. Alumni vs. Brothers and Pledges, perhaps?

## NEED YOUR HELP!

We are looking for any and all memorabilia pertaining to the chapter over the past 45 years. A display and a slide show are both being planned and we need all of your contributions! If you have anything you would like (or could be persuaded) to donate or loan, please get in touch with Linda Panson, our EZAA historian, at (203) 329-9654. We will also be opening up the time capsule from the 40th anniversary and putting items in one for the 45th.

## BABYSITTING:

There will be a babysitting service provided by Brothers and Alumni throughout the weekend for those who have children and wish to bring them. The place and times for this service will be provided with registration materials.

## GIFT TO THE INSTITUTE:

Traditionally, a gift of some sort is given to RPI on the occasion of our fraternity's anniversary. A place will be provided on the registration form for a "symbolic gift" donation. Any monies collected will be placed in a fund that will be combined with monies donated for the 50th anniversary in 5 years so that a special gift may be presented at that time.

## CASH CRUNCH:

If anyone would like to prepay their 45th anniversary registration, please do so! With deposits, etc., we are currently experiencing a cash flow problem until registration monies begin to come in. If you can help out, please do so!

yf,  
Steve Austin '84

## CALL FOR NOMINATIONS:

The Epsilon Zeta Alumni Association Distinguished Alumni Award will be given at the upcoming 45th anniversary of the chapter this fall. This award, begun at the 40th anniversary, acknowledges the alumnus/alumnae who has done the most to further the goals of the Alumni Association. Nominations are now being accepted for this award. The current executive committee of the EZAA and the presidents of the EZAA for the past four years will vote among the top three "nomination getters" to select the recipient of the award. Please contact me with your nomination (1 per alumnus/alumnae). I will also be accepting nominations at the Spring Reunion. All nominations must be submitted to me by June 1, 1992.

Jeff King, President EZAA

**A Moment of Recognition for Two Alumni brothers**

Andrew Braverman '87 and Jeffrey King '88 have been involved with the rechartering of the NYU chapter of Alpha Phi Omega for the past couple of years. Their work and dedication to this group has paid off. The Beta Iota chapter will celebrate their rechartering on February 29, 1992 with a ceremony and a banquet at NYU.

Andy and Jeff have been involved with the Section 97 staff since they graduated from RPI. They became involved in the rechartering efforts for NYU through their sectional staff involvement. Their work with the chapter involved; teaching the students the ideals of Alpha Phi Omega; teaching them how to run seminars and rituals; providing advice and council on managing meetings and service projects; and defining pledging requirements.

The students at NYU have worked hard to reach their goal and should be commended on their efforts. Andy and Jeff are also to be commended, for without their guidance, the Beta Iota chapter would have remained a thing of the past.

Let's take a moment from our busy schedules to say thanks to Andy and Jeff for their dedication to furthering the growth of Alpha Phi Omega and to wish the brothers of Beta Iota's success in the future of their chapter.

## EPSILON ZETA ALUMNI ASSOCIATION

## Alpha Phi Omega

235 STUDENT UNION  
RENSSELAER POLYTECHNIC INSTITUTE TROY, N.Y. 12181

14 January 1992

To my fellow Brothers:

Due to some mis-communications, the published Fall 1991 Reunion schedule incorrectly listed the Business Meeting to be held Sunday morning. Since many Brothers would be attending the wedding of Richard Towne and Melinda Johnson, which was that Sunday, I had scheduled the Business Meeting for Saturday night. Although this broke with tradition, I did not feel that we would be able to reach quorum on Sunday.

I was not concerned about the misprint, since in the past, the Brothers who were attending the Reunion arrived Friday night or Saturday, and would check the schedule at the office. I did not think that anyone would come out Sunday morning. I was mistaken, causing at least two Brothers to travel for a meeting which had already been held. I am sorry for the inconvenience and lost time to those who attempted to attend the Business Meeting on Sunday.

David Nagy
