

Epsilon Zeta Alumni Association Meeting
252 Rensselaer Union, RPI, Troy, NY April 14, 1985

Unofficial Minutes

The Association reviewed the 1984 National Convention, particularly the resolutions and National By-Laws amendments affecting alumni.

A proposed set of Association Bylaws was presented. The proposed set was developed because the current Association Bylaws did not agree with current Association practice, and because the current Bylaws could not be easily amended. The proposed set, which would replace the existing set if adopted, will be voted on at the Fall meeting.

The Association newsletter will be published twice per year rather than three times; the March issue usually arrived after the Spring meeting, which it was supposed to announce. The newsletter will be sent via first class mail rather than third class mail; not only will they arrive in days instead of weeks, but they also will be forwarded when EZAA members move.
