- The alumni association recognition form for the EZAA was not received by the national office. At this time, the EZAA vote for the alumni voting delegate will not be counted. A resolution is being worked on.
- A alumni mixer similar to that held last year will be held on the evening of the Freakout. It was suggested that the event timing be planned around the Big Red Freakout Icehouse.
- Ed Pollack volunteered to chair the 65th anniversary weekend, tentatively scheduled in the early fall of 2012.
- Our next meeting will be held in the spring of 2011. A service project will be held the morning of the meeting. Early April/mid March were suggested as timings for the meeting. Gene Greger will set up the service project.
